

Specialized Industry Integrated degree program on B.COM in Business Process Service in collaboration with TATA CONSULTANCY SERVICES (TCS)

Tata Consultancy Services (TCS), a leading global IT service, consulting, and business solutions organization, has partnered with St Agnes College (Autonomous) Mangalore, to scale up the supply of graduates with specialization in Business Process Services (BPS) to create a sustainable talent pool for the BPS industry and increase the employability quotient among the students. The BPS specialization program uses a blended approach with exposure to core subjects, industry practices, and domain knowledge. It incorporates the learning hours designed by TCS in areas such as Finance & Accounting, Banking, Capital Markets, Retail, and Insurance along with modules for managing Business Process Services.

Highlights of the Course:

- Specially designed course curriculum by Industry Experts
- Designed as per the growing business requirements and to match various career opportunities
